

**REBOOT
AMERICA**

A People's Movement That Transcends Partisanship Is Unstoppable

The Reboot America movement unites citizens with principled politicians to break the two-party corporate duopoly and renew America's democratic republic.

What is this presentation about?

The Problem

A rigged political system is failing Americans through corruption, polarization, and democratic decay

Reboot America Pledge

A clear, cross-partisan commitment defining principled leadership, giving the movement focus and standards

The Opportunity

Americans agree on much more than we're told, showing potential for broad cross-partisan unity

The Challenge

Principled politicians and pro-democracy efforts are fragmented and struggling to break through the current system

A Framework for a Movement

Reboot America unifies principled politicians, reformers, and citizens into a force for systemic change

AMERICA IS BROKEN—BUT NOT BEYOND REPAIR

Corruption & Capture

- Campaign finance = legalized bribery
- Bottom 90% of Americans ignored
- Corporate-written legislation

Widening Inequality

- New Gilded Age of extreme wealth disparity
- AI and automation threaten to deepen divides

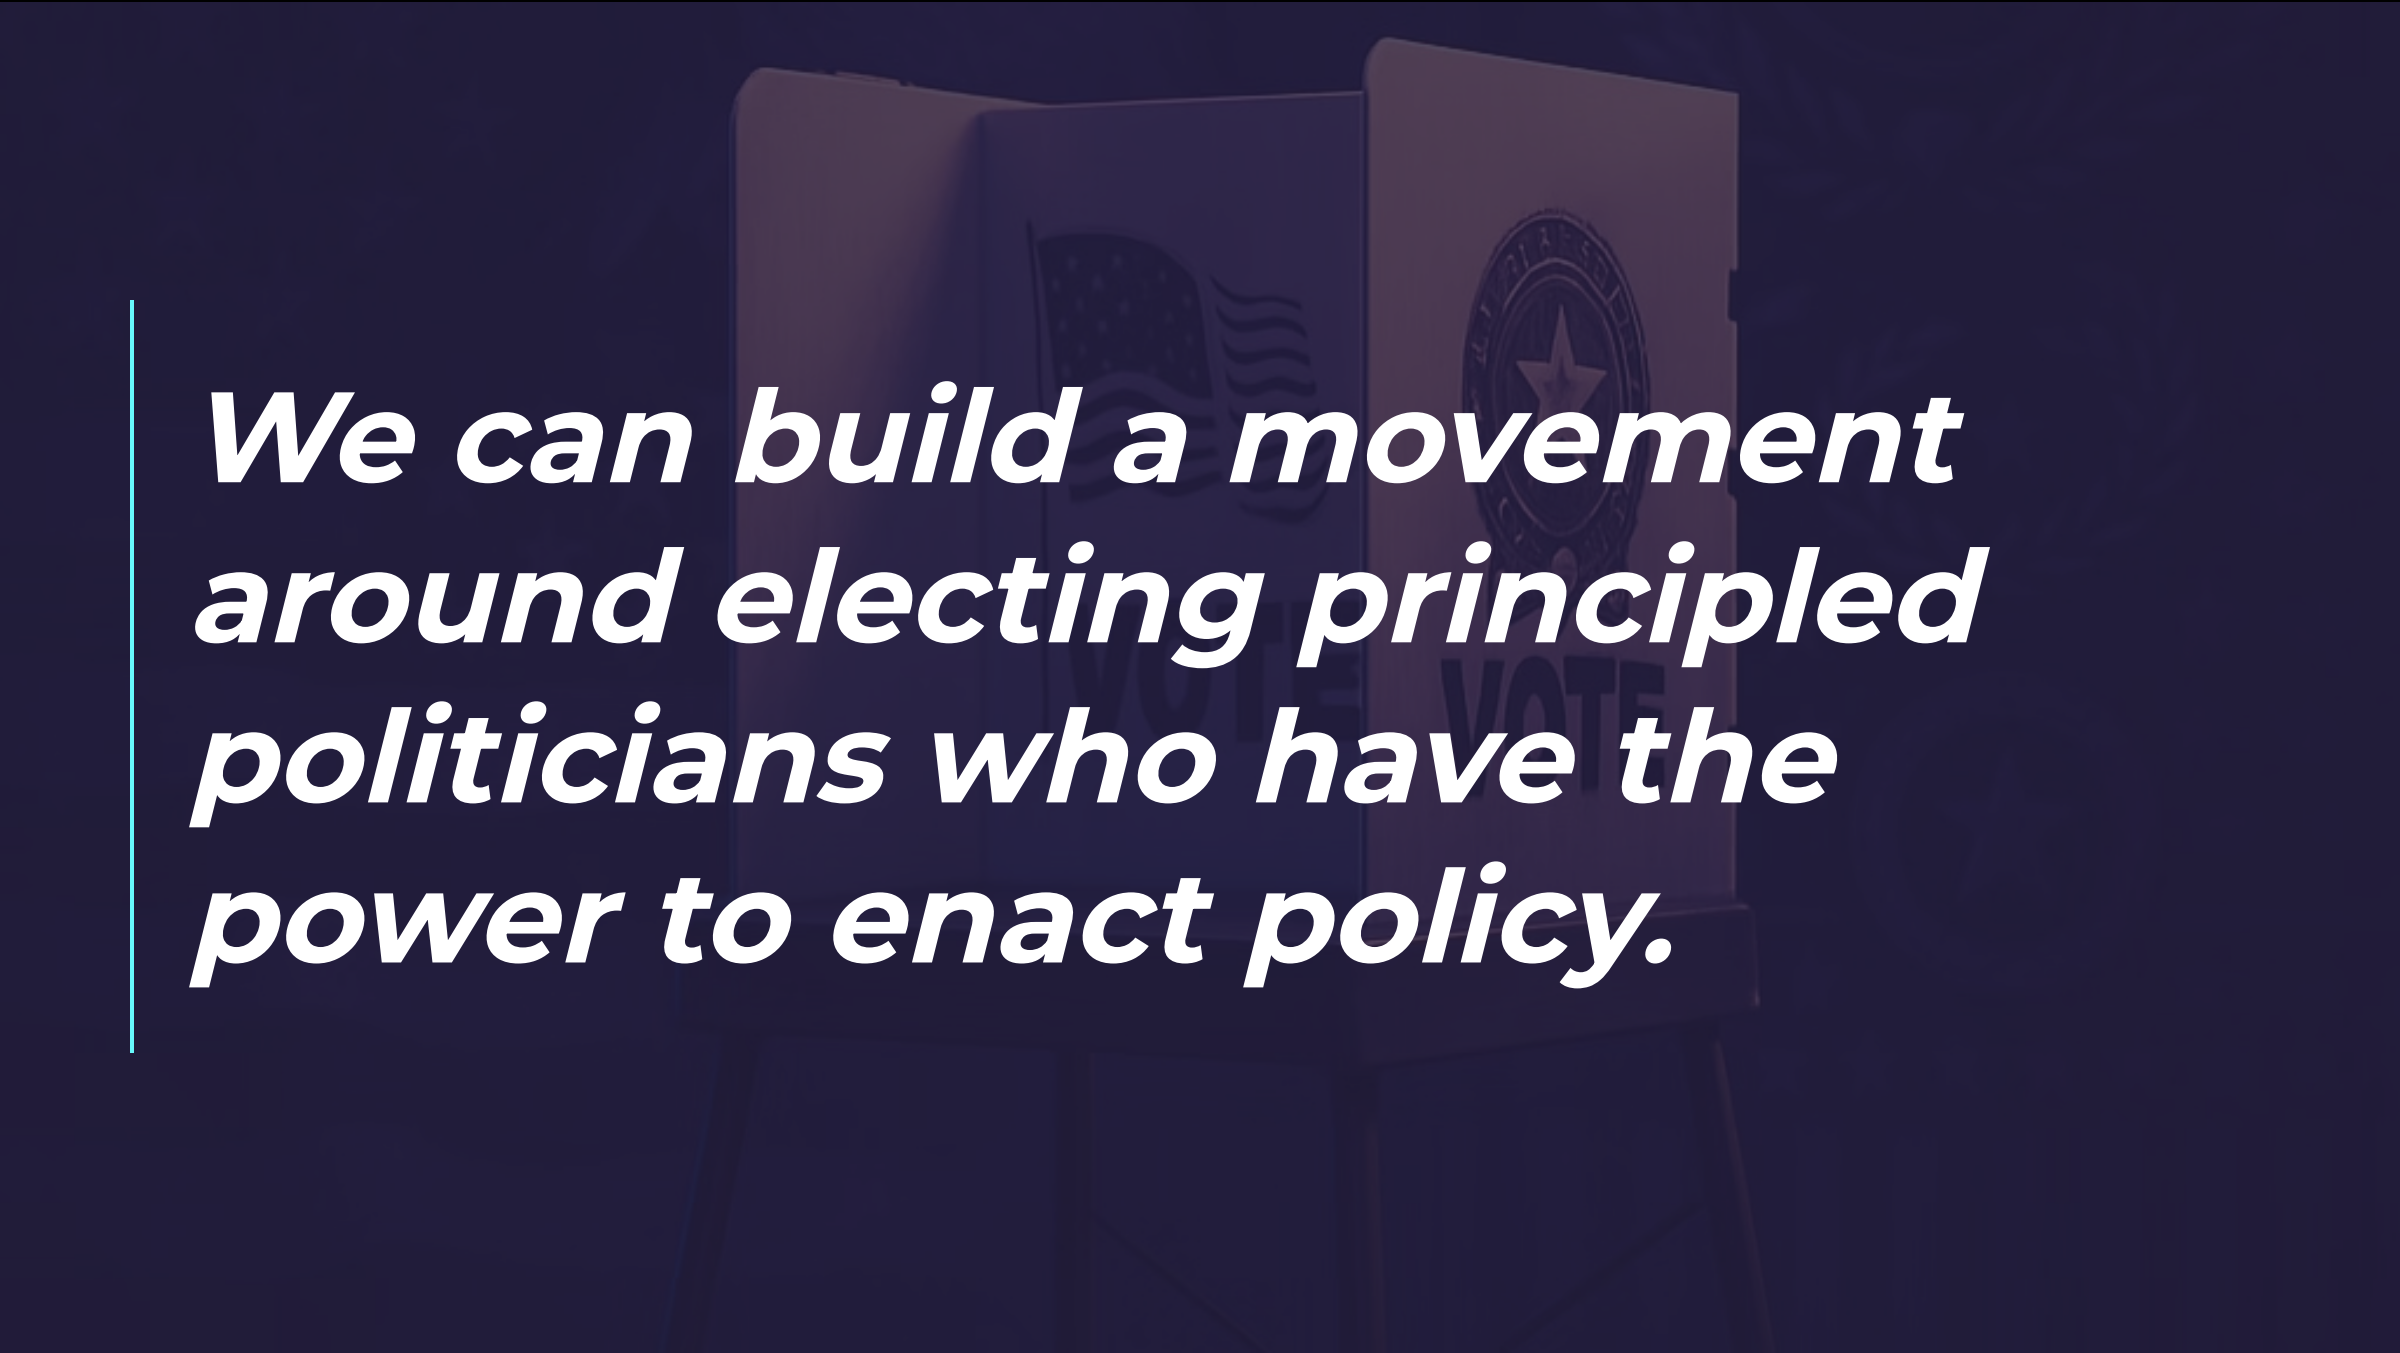

Rigged Political System

- First-past-the-post voting suppresses voter choice
- Partisan primaries exclude independents
- Gerrymandering distorts representation

Collapse of Trust

- Record-low approval of Congress
- Millions losing faith in the democratic process

The background features a ballot box with a dark blue tint. On the left side of the box, there is a faint image of the United States flag. On the right side, there is a circular seal with a star in the center and the word 'VOTE' printed below it. The overall scene is dimly lit, emphasizing the text in the foreground.

around electing principled
politicians who have the
power to enact policy.***

THE TWO-PARTY CORPORATE DUOPOLY

Financed by Big Money

For the most part, both parties are bankrolled by corporations, lobbyists, and wealthy donors—ensuring that policies serve the powerful, not everyday people.

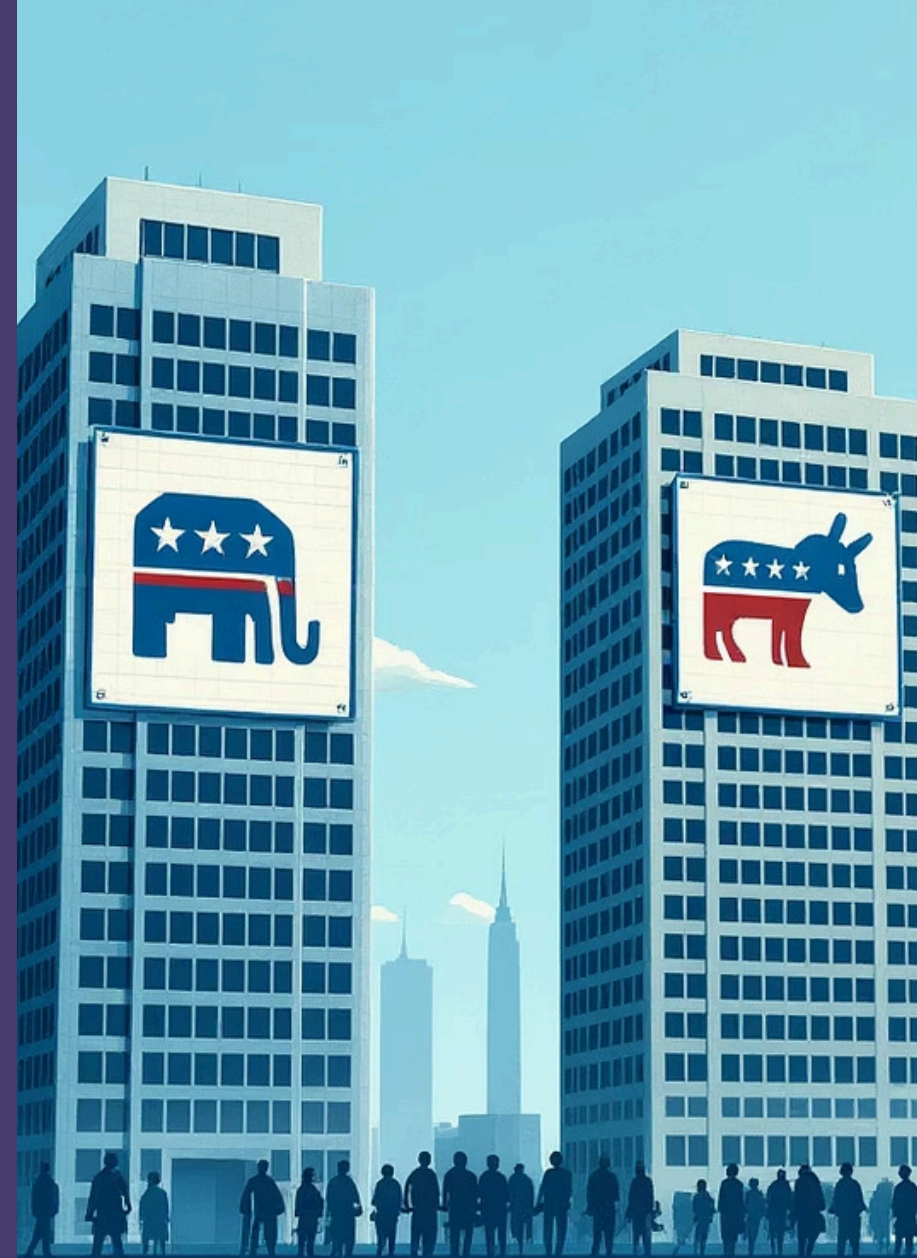

Mainstream Media Alliances

Corporate media props up the duopoly by amplifying partisan drama, silencing alternatives, and shielding the status quo from real scrutiny.

A False Choice

The system protects entrenched power while offering only the illusion of choice. Real change means choosing something outside their rigged game.

THE UPHILL BATTLE OF RUNNING ON PRINCIPLE

Outside the Two-Party System

Ballot access laws create nearly insurmountable barriers in many states, while winner-take-all elections create the dreaded "spoiler effect" that disadvantages independents.

Inside a Major Party

Establishment incumbents are shielded by party machines, donor networks, and media bias —making primary challenges extremely difficult for principled Democrat or Republican candidates.

***"We are called to be architects
of the future, not its victims."***

A CROSS-PARTISAN STRATEGY: PRINCIPLES OVER PARTY

Labels Aren't Principles

Being a Democrat or Republican isn't inherently bad — and being Independent doesn't guarantee integrity. What matters is electing principled leaders who serve everyday Americans.

Strategic Flexibility

We reject the false choice of changing the system from the inside or outside the two-party system. Reboot candidates run in whichever lane is most strategic — major party, third party, or independent.

Learning from Real Examples

- **Trump and Mamdani:** Show it's possible to disrupt the system from within major parties.
- **Sanders and King:** Show that the independent path can succeed.

The Reboot America Pledge

Who Are Reboot Politicians?

Reboot Politicians are candidates and representatives who sign — and live up to — the six commitments of the pledge.

Cross-Partisan Pledge

Any candidate or representative can sign, becoming Reboot Democrats, Reboot Republicans, or Reboot Independents.

Baseline for Integrity

Establishes a baseline of principled leadership that transcends ideology and is centered on the democratic process.

Shared Vision for Change

Provides clear standards and a shared vision for a movement of leaders who prioritize people over partisan politics.

Note: Upholding the pledge will require a meaningful accountability mechanism.

The Six Commitments

1 Reject Big Money Donations

Refuse contributions from corporate PACs and special interests

2 Champion Anti-Corruption

Fight to eliminate legalized bribery and conflicts of interest that corrupt our political system

3 Advance Electoral Reforms

Advocate for reforms like ranked choice voting and open primaries for fairer and more competitive elections

4 Listen to and Engage with Constituents

Maintain regular, meaningful contact with all constituents, not just donors and supporters

5 Utilize Digital Democracy Tools

Embrace innovative civic technologies that enhance participation and transparency

6 Do the Will of My Constituents

Make legislative decisions based on constituent preferences rather than personal views

Note: You can advocate for your policy preferences—the pledge is a commitment to champion the will of your constituents following meaningful dialogue.

Principled Politician Coalition

Ro Khanna and Thomas Massie are two principled politicians from across the political aisle who are already working together. We need to build on this and spark the imagination of the public.

Independents

National Independent Coalition and other unaligned leaders committed to reform.

Republicans

Thomas Massie, Rand Paul, and any principled Republicans willing to sign and live up to the Reboot America Pledge.

Third Parties

Forward Party, Working Families Party, Good Party, and others aligned with our shared principles.

Democrats

Progressive Caucus, Brand New Congress, Leaders We Deserve, and other principled Democrats.

Principled leaders joining forces across party lines will inspire America

There is reason for hope!

THE OPPORTUNITY: AMERICANS ARE READY FOR CHANGE

Polarization Threat

See political division as major threat and want unity across divides

Independent Voters

Now identify as independents—with each major party at 27%

Support New Party

Support creating a new major political party as an alternative

Money In Politics

Believe money in politics threatens our democratic system

Limit Political Spending

Support a constitutional amendment to limit political spending

Ranked-Choice Voting

Support ranked-choice voting in federal elections

The People's Agenda

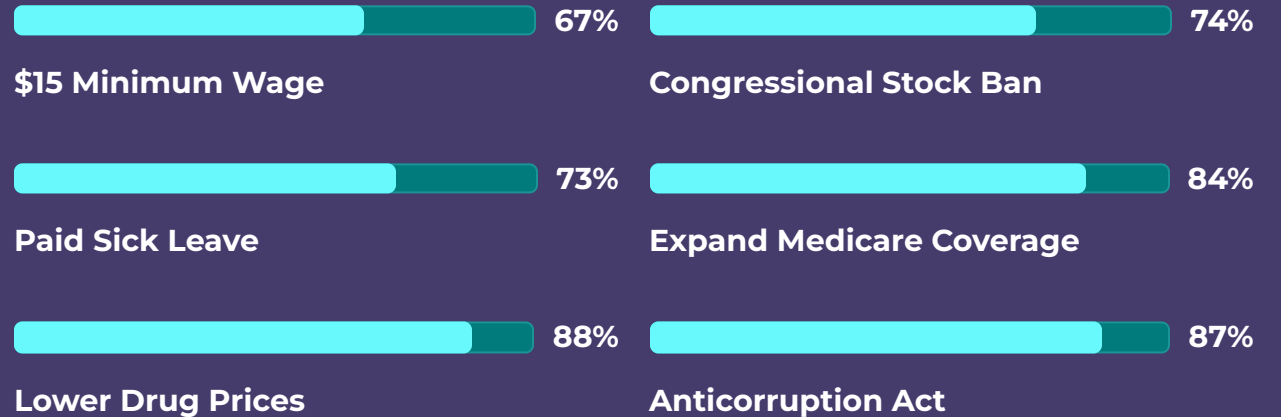

The American people agree on a lot!

The Perception Gap

- Our divisions are exaggerated by media and don't reflect lived reality.
- Studies show: most Americans misunderstand the "other side"
- Most people are decent, struggling under same rigged system

Common Ground Policies

Voice of the People identified over 200 policies with bipartisan support, including:

The Pro-Democracy Space

The Struggling Pro-Democracy Movement: Is It Working?

-  **Pro-democracy orgs** are working hard—but are often siloed without a unifying movement to give their reforms broader meaning or urgency.
-  **Civic innovators** build powerful new tools, but lack political allies willing to govern in new ways.
-  **Bridging efforts**, while noble, don't spark mass engagement without a compelling cause to rally behind.
-  **Third parties and independents** face major structural roadblocks that limit their reach and viability.

The result?

\$5B/year spent yet we remain disconnected, underpowered, and missing from the mainstream conversation—even while Americans are hungry for real leadership and a new path forward.

FOUNDATIONS OF A REBOOT AMERICA MOVEMENT

A common brand, shared narrative, and founding documents can provide cohesion to our fragmented pro-democracy movement, giving us collective power and public visibility.

Common Brand

To gain public recognition and collective strength, we need a shared identity—a unifying banner that brings reformers, leaders, and citizens together. One name. One voice. The **Reboot America** Movement.

Shared Narrative

We need a shared story that names the corruption, unites people across divides, and rallies us around real solutions like the People's Agenda and a 21st century digital democracy to reclaim our power

Founding Documents

The Reboot America Pledge can unite a cross-partisan movement around shared democratic values

A New American Story — The Reboot Narrative

1 — We begin by acknowledging the pain

Americans are hurting — from economic injustice, political dysfunction, and a system that no longer listens.

2 — We name the villains

Corrupt institutions, captured parties, and corporate interests have rigged the game against everyday people.

3 — We unite on common ground—our founding principles

Not ideology. Not party. But the democratic process itself — our shared ability to shape the future together.

4 — We elect principled leaders

Reboot politicians who put people over parties and pledge to serve the public, not the powerful.

5 — We enter a new era

By reclaiming the founding promise of this country — and evolving it into a more just, accountable, and participatory Democracy 2.0.

Partnering with Independent Media to Break the Duopoly Narrative

Corporate Media's Stranglehold

Legacy outlets often frame politics as a zero-sum partisan war, silencing reformers and independent voices who challenge the status quo.

Independent Media Rising

A new generation of journalists, podcasters, and creators are pushing back, speaking truth to power, and building trust where legacy media has failed.

A Natural Alliance

Reboot America offers a principled, cross-partisan story that independent voices can rally around, uniting around democratic integrity and people-first leadership.

Together, We Shift the Narrative

By teaming up, this movement and independent media can spotlight Reboot candidates, amplify a shared vision for reform, and reach millions of Americans hungry for honesty and unity.
